

The Will Houghton Road Race 2017

The Oakley Men's Road Race is now re named The Will Houghton Road Race, in memory of an extremely talented rider and exceptional young man who tragically lost his life while training on his bike in January 2016. Will rode for Hillingdon CC and had a very successful career. He came 5th in this race a few years ago and was on target to become a 1st cat. Will had a zest for life and inspired all who knew him. There will be a presentation after the race of the new trophy designed and created by Scott Holmes and Liam Summerfield.

There will be information in the village hall about Will and if you would like to make a donation the Houghton family have set up a charity, you can find more information by going to www.willhoughtonfoundation.org
